Rebling Plastics Battery Product Warranty

Rocal Corporation d.b.a. Rebling Plastics (“Rebling”) warrants its Battery Products, including Quick Disconnects, Receptacles, Vent Caps, and Accessories, to be free from defects in material and workmanship under normal use and service. Under this warranty, Rebling’s obligations are limited to the correction or replacement of any unit which proves defective in material or workmanship under normal use and service within ninety (90) days after delivery from Rebling or one of its Authorized Distributors, provided the return is authorized and said unit is determined to be defective by Rebling. The user must prepay all shipping charges for all returns.

This warranty does not apply to assemblies manufactured by other entities which incorporate one of Rebling’s Battery Products as a component. Rebling assumes no responsibility for the performance and/or reliability of such an assembly as a whole. In addition, Rebling assumes no liability for consequential or special damages resulting from the use of any Rebling products. This warranty is in lieu of all other warranties expressed or implied.
